### SOLUTIONS FOR SMALL AND MEDIUM SIZE BUSINESSES

There are a lot of companies offering VoIP to the SMB market; However, Equinox offers our customers the award winning **Sutus Business Central 200** with loads of added value for the SMB that desires to compete with "big business" tools at an affordable price

### BUSINESS CENTRAL FEATURES

- **Phone Services**
  - Voicemail to Email
  - Auto Attendant
  - Supports both VoIP Trunks and/or analog lines
- **Data Services**
  - File Server
  - Email Server
- **Network Infrastructure**
  - Wi-Fi Wireless Access Point
  - 8 Port PoE Router
  - Firewall
  - VPN Access

Each of the EIB offerings is ala-carte and pay-as-you-go.

There is no major long term commitment. So pick what you need as you need it.

Scale up or scale down as your business requires.

### BENEFITS

- Web based system administration allows for easy system changes and updates from anywhere at any time without the costly expense of sending a tech on-site!
- Soft-phones and/or remote phones allow you to save on travel and gas costs by allowing your employees to work remotely!
- VoIP trunks into the system can reduce your monthly reoccurring telephone line costs by up to 50%
- Dual mirrored drives are standard thus insuring your system and business stays running 100% should a hard drive fail.
- Simple software license key for expansion means low on-going costs allowing your system to seamlessly grow to 25 users and beyond!
- Polycom phones auto-configure and provision on your system allowing for lower installation/programming costs and true plug and play.
